Day by day

■ DAY 1

Barcelona, Spain / Embark Ship

Arrive in Barcelona and transfer to the hospitality suite, which is centrally located. This afternoon, explore the city at your own pace enjoying its architectural masterpieces, the energetic street rhythms coming from Las Ramblas or the beautiful views atop Montjuic. Embark *National Geographic Orion* in the late afternoon and set a course east for the island of Menorca.

Arrival time: Arrive before 1:30 p.m. local time.

Arrival City: Barcelona, Spain

Meals included: dinner

◇ DAY 2

Ciutadella de Menorca

The Vandals, the Moors and the British Empire have ruled over this stunning little island where prehistoric civilizations left intriguing rock mounds and megalithic monuments dating back some 4,000 years. This afternoon, explore this history while traveling overland to the southeast of Menorca. Walk through the Bronze Age village of Torralba d'en Salord and see the characteristic T-shaped stone monuments left by the Talayotic peoples. This evening, set a course east toward the shores of Corsica.

Meals included: breakfast, lunch, dinner

◇ DAY 3

At Sea / Bonifacio, Corsica, France

Enjoy the *National Geographic Orion's* amenities during this day at sea. Listen to talks by your onboard experts, get photo tips from a National Geographic-Lindblad Expeditions certified photo instructor or spend some time on the bridge with

officers who are happy to answer questions. A massage from the wellness specialist is an inviting option or relax with a book in the observation lounge. Arrive in Bonifacio this evening.

Meals included: breakfast, lunch, dinner

◇ DAY 4

Bonifacio

Wake up to the sunrise over the layered cliffs of Bonifacio. Enter the narrow harbor to dock and enjoy the day in one of the Mediterranean's most beautiful towns. Begin with a walking orientation to the citadel, established by the powerful margraves of Tuscany in the ninth century. The rest of the morning is devoted to enjoying this lovely destination.

Meals included: breakfast, lunch, dinner

◇ DAY 5

Golfo Aranci, Sardinia, Italy

Step ashore on Sardinia's east coast, known for its stunning and remote landscapes, including grottos and mountain peaks. Populated since pre-historic times, the landscape is dotted with Roman village ruins and monasteries from the Middle Ages. Spend the morning in San Pantaleo, visiting local artisan shops that showcase the handicrafts of painters, goldsmiths, sculptors and potters. Or venture into the mountains to visit the archeological discoveries, including tombs and village remains.

Meals included: breakfast, lunch, dinner

◇ DAY 6

At Sea / Aeolian Islands

Enjoy the day at sea as you sail toward the Aeolian Islands—not only famous for the winds of the god

Aeolus, but also for some of the most well-known classical volcanoes. With a bit of luck, you will witness the pyrotechnics of the active volcanic island of Stromboli. Pass through the narrow Strait of Messina overnight, the purported location of Homer’s monsters Scylla and Charybdis: the rock and the hard place through which Odysseus had to sail.

Meals included: breakfast, lunch, dinner

◇ DAY 7

Taormina, Sicily

This morning, drive up to the beautiful town of Taormina, perched 250 meters above the sea. With Mount Etna dominating to the south, this medieval town boasts the pedestrian-friendly Corso Umberto, lined with exquisite buildings and one of the world’s most interesting cultural sites: the Greco-Roman Theater. This remarkable theater was built right into the cliffside, overlooking the vast sea below, in the third century B.C. Enjoy a special lunch at a privately owned castle, the Castello degli Schiavi. This impressive 18th-century home was the setting for many scenes in *The Godfather* films, and you’ll meet members of the family that owns it and explore the extensive buildings and grounds.

Meals included: breakfast, lunch, dinner

◇ DAYS 8-9

Siracusa / At Sea

Head ashore at Siracusa, one of the most powerful cities in the classical world. Explore the archaeological park where a well-preserved Greek amphitheater with carved limestone seats is still used today. Paradise Quarry, now an attractive garden and orange grove, was the primary source of that limestone, and is the site of the curious Ear of Dionysius—a huge cave with incredible acoustics. Make the most of your time in port: explore the city’s excellent market or the adjacent island of

Ortigia, where a stunning cathedral was built on the columns of the 6th-century Temple of Athena. Alternatively, take an evening stroll through the city’s piazzas. Spend the following day at sea, relaxing aboard the *National Geographic Orion* as she makes her way toward Greece.

Meals included: breakfast, lunch, dinner

◇ DAY 10

Corfu, Greece

Known for its strong cultural heritage, Corfu is home to many of the country’s firsts: the first university, theatre and opera. Learn about the island’s history, including its triumphant defense against the Ottoman empire, and spend time around Spianada, the old city’s main square—and the largest one in Greece—built in the 16th and 17th centuries by the Venetians. Discover the island’s most iconic landmarks and signs of foreign influences. Or meander through the old town’s charming city streets tasting local delicacies such as kumquats and olive oil. Alternatively, spend the day taking in the stunning landscapes of Greece’s greenest island exploring the countryside and mountain trails.

Meals included: breakfast, lunch, dinner

◇ DAY 11

Kefalonia

Your Expedition Leader and local guides will choose one of the many picturesque beaches on the island of Kefalonia, bordered by the idyllic Ionian Sea. Soak in the vivid blue waters—a true photographer’s delight. Stroll along the shoreline, or swim, kayak or paddleboard in the beautiful sea.

Meals included: breakfast, lunch, dinner

◇ DAY 12

Delphi / Corinth Canal

Visit the UNESCO World Heritage site of Delphi, the center of the ancient Greek world. The ruins here are home to the Temple of Apollo—Greece’s most important shrine—where the Oracle of Delphi delivered divine prophecies. Learn about the city’s storied past and explore the temple and other important sites. Later, navigate the historic Corinth Canal, slipping between the 300-foot limestone walls that tower above both sides of the vessel. Built in the late 19th century, the canal is too small for most modern-day ships, but the *National Geographic Orion* is perfectly sized for the transit to the Gulf of Corinth and Ionian Sea.

Meals included: breakfast, lunch, dinner

DAY 13

Athens / Disembark Ship

Disembark in Athens and transfer to the airport for flights home, or explore more on a post-voyage extension in Crete.

National Geographic Orion

Guests 102	Cabins 53
----------------------	---------------------

Joining the Lindblad fleet in 2013, the state-of-the-art *National Geographic Orion* serves as a luxurious base camp for voyages to the far-flung corners of the planet.

Built in Germany by the Cassens shipyard, the 102-guest *National Geographic Orion* was created with a high-ice class to be able to venture safely into polar regions. A ship of her size is seldom built with such ice-cutting ability, which makes her a rarity. She is yacht-scale, yet rugged enough to venture far afield, making her a perfect addition to the Lindblad fleet, which she joined in 2013. Her size and nimbleness offer the perfect combination of safety and liberty to voyage untrammelled locations. In fact, *National Geographic Orion* currently holds the distinction of having sailed further south than any other Lindblad vessel.

Her menu, created by famed Australian chef, Serge Dansereau, owner of Sydney's acclaimed Bather's Pavilion restaurant, enormously popular with *National Geographic Orion's* guests, so impressed Sven Lindblad, that Serge, a chef-owner who shared the Lindblad commitment to serving local and sustainable food, was enlisted to design the dining program for the entire Lindblad-National Geographic fleet.

National Geographic Orion is gracious and intimate, with a rewarding, almost clubby feeling. Of her many amenities and features, the most appealing is her outside deck space which beckons in the balmy reaches of the Pacific, and on those days in Antarctica when the midnight sun and the spectacle of the ice makes going indoors, let alone going to bed, impossible.
