

Baja California: Among the Great Whales

Explore Baja California's pristine coastlines and living sea in search of dolphins, sea lions, and as many as five different varieties of whales. Board local pangas and enter sheltered lagoons for up-close encounters with California gray whale mothers and their newborn calves. Witness an undersea wonderland, serene desert isles, and the most beautiful sunsets on Earth. Hike through towering cacti and up striking desert canyons or take a slow photo stroll along the shore. Every day is different and rewarding, with opportunities to indulge in active or relaxing pursuits.

Day by day

■ DAY 1

Loreto, Mexico / Embark Ship

Arrive in Loreto, a picturesque gulfside town dotted with Spanish colonial architecture. Transfer to the *National Geographic Venture* to set sail at sunset.

Arrival Time: Arrive before 2:30 p.m. local time.

Arrival City: Loreto, Mexico

Meals included: dinner

◇ DAY 2

Bahía Concepción

Awake in Bahía Concepción, one of the largest bays of the Baja California peninsula, with over 50 miles of beaches. Take your coffee to the deck to witness the colorful landscapes revealed by the first of many gorgeous sunrises. This biodiversity hotspot is ripe for exploration. Board Zodiacs in search of whales and other marine life, kayak through lush mangrove systems, and snorkel in turquoise waters. On land, join an invigorating hike among towering cacti, or stroll the pristine beaches and learn about the ecology from our naturalists.

Meals included: breakfast, lunch, dinner

◇ DAY 3

Exploring the Gulf of California

The Gulf of California is home to great biological diversity, and with some luck, sightings of whales, dolphins, and other sea life are among the highlights of our journey. Our plan is flexible as we explore some of the uninhabited islands sprinkled across these waters. Our Captain and Expedition Leader collaborate to choose the perfect combination of activities for the day. Conditions permitting, we may hike, kayak or paddleboard. Learn

about this ecosystem from naturalist and capture amazing photos with help from your certified photo instructor.

Meals included: breakfast, lunch, dinner

◇ DAY 4

Boca de Soledad

After breakfast, transfer by motorcoach from Puerto Escondido to Puerto López Mateos. Settle in for unforgettable experiences in this tranquil lagoon. Each winter, during their long migration, gray whales travel south from their Arctic feeding grounds to breed and give birth to their calves in these sheltered waters. Together with savvy local fisherman, we'll venture out in local pangas to view the numerous mother-calf pairs. With luck, enjoy up-close interactions with these curious creatures. Enjoy lunch at a traditional restaurant before returning to the ship in late afternoon.

Meals included: breakfast, lunch, dinner

◇ DAYS 5-7

Cabo Pulmo / Los Islotes / Gulf of California

Venture south to discover the gems of the southern Gulf. These islands and surrounding waters are celebrated for their conservation stories, marine life, and the many thrilling experiences on offer. Some of the locations we may visit or enjoy by Zodiac include:

Cabo Pulmo National Marine Park

Set out to snorkel the pristine reefs of Cabo Pulmo National Marine Park, one of the most successful national marine parks in the world. Chat with locals about their advocacy to protect this unique place, including a cessation of fishing to protect the reef.

Isla Espiritu Santo

A national park as well as UNESCO World Heritage site with volcanic rock formations, scenic beaches, and coral reefs. This magical island offers excellent hiking opportunities and crystal-clear waters for snorkeling. It's a popular destination for researchers monitoring sea turtles.

Los Islotes

Located at the northern tip of the UNESCO Biosphere Reserve, Los Islotes is largely inaccessible to people and home to a large colony of sea lions. Conditions permitting, we'll anchor off the rocky island where we don flippers, a mask, and snorkel (which we provide) and swim with these curious inhabitants.

Isla San José

One of the larger islands in the Gulf of California, San José offers several landing possibilities depending on conditions and the whim of the moment. Photograph the ochre cliffs of the island's eastern shore, hike an enchanted, cactus-laden arroyo, or visit the abandoned salt works to the west. Discover rare wildlife among desert islands.

Meals included: breakfast, lunch, dinner

■ DAY 8

Loreto / Disembark Ship

After breakfast, disembark the ship and transfer to the Loreto airport for flights home or to Loreto's city center to begin a [two-night history and whale-watching extension](#).

Departure Time: Depart after 12:00 p.m. local time.

Departure City: Loreto, Mexico

Meals included: breakfast

The *National Geographic Venture* is a state-of-the-art expedition ship ideal for discovering remote locations in domestic waters.

Following the build of *National Geographic Quest* at Nichols Brothers shipyard, her sister ship the 100 guest *National Geographic Venture* floated into the bay on Whidbey Island, becoming the 4th ship in the Lindblad fleet built at this storied PNW shipyard. In the 1970s, Nichols Brothers built the twin ships *National Geographic Sea Bird* and *National Geographic Sea Lion*, which continue to sail the waters of the west coast of North America and Central America.

Venture, like much of the wildlife she follows, is migratory. She follows the seasons from Alaska, along the coast of British Columbia, up the Columbia & Snake Rivers, and along the Baja coast and into the Sea of Cortez. In each region, her design innovations were informed by 50+ years of expedition expertise to ensure extraordinary discoveries. Larger than her sibling twin ships, *National Geographic Sea Bird* and *National Geographic Sea Lion*, *National Geographic Venture* has the same shallow draft, enabling her to nimbly navigate the same inner reaches and provide the same intimate, 'insider' experiences of the charismatic regions we explore.

Like her sister ship *National Geographic Quest*, *National Geographic Venture* has dual boarding platforms, enabling our team to load two Zodiacs at once means guests get off ship quickly, to take advantage of wildlife sightings and maximize exploring time. Modern, cleaned-lined, with large expanses of glass to keep you connected to the extraordinary views, *National Geographic Venture* enables you to see, do and experience the best of her geographies.
