Discovering Channel Islands National Park: A 5-Day Voyage

Discover a hidden wild side of a well-known region. Just off the coast of California, one of the lesser-known U.S. national parks beckons, with dramatic sea cliffs, grassy headlands, and rocky islets. Dayboats can take you to individual islands to hike or camp, but our small ships provide a mobile base camp from which to actively explore the full natural splendor of this unique archipelago.

Highlights

- ★ Discover the islands by walking miles of trails, paddling crystal-clear waters by kayak or stand-up paddleboard, or exploring by Zodiac
- ★ Hike in a Torrey pine grove, one of only two on Earth, and enjoy a picnic lunch with sweeping views of the natural harbor
- ★ See endemic species found only in the islands, such as the Channel Island fox, island scrub jay and coastal sage scrub
- ★ Take in the colorful history and architecture of Avalon, a haven for movie stars in Hollywood's golden era

Day by day

■ DAY 1

Los Angeles, California / Embark Ship

Arrive in Los Angeles by early afternoon and transfer to the Crowne Plaza Los Angeles Harbor Hotel in San Pedro before embarking the ship. Enjoy a cocktail on the deck and meet the expedition team as you set sail in early evening.

Arrival Time: Arrive by 2:30 p.m. local time.

Arrival City: Los Angeles, CA

Meals included: dinner

◇ DAY 2

Anacapa and Santa Cruz Islands, Channel Islands National Park

Wake to the ship at anchor off the rocky outcropping of East Anacapa Island. Join your wellness specialist on the sundeck for morning yoga and then enjoy the breakfast buffet. After breakfast, join naturalists aboard Zodiacs to go ashore on East Anacapa. The goal is the Anacapa Lighthouse, built in 1932, the last major light station to be built on the West Coast. Soak in amazing views from the island alongside a naturalist or choose to explore stunning Arch Rock via Zodiac. This afternoon, set sail for Santa Cruz Island for activities ashore as you search for endemic flora and fauna.

Meals included: breakfast, lunch, dinner

◇ DAY 3

Santa Rosa Island, Channel Islands National Park

Start your morning with an optional stretch class before breakfast. Weather permitting, go kayaking, hike one of the many trails or simply relax ashore. With luck, you may catch a glimpse—or photo—of the elusive fox species endemic to the island. Join

the naturalists for a more strenuous hike out to the base of the Torrey pines grove, which contains what is considered one of the world's rarest pines and is one of only two naturally occurring groves in the world. End the day with a sunset cocktail party.

Meals included: breakfast, lunch, dinner

◇ DAY 4

Catalina Island

Spend the day discovering the colorful history and natural wonders of Catalina Island. Once a haunt of smugglers and gold diggers, the island was transformed into a resort destination by chewing gum tycoon William Wrigley, Jr. in the 1920s. Some 50 years later, William's heirs, Philip K. Wrigley and Dorothy Wrigley Offield, established the Catalina Island Conservancy, protecting nearly 90 percent of the island. Meet a conservancy member to learn about their work on the island before heading out on the trail for spectacular views of the coastline and the Catalina backcountry. With luck, catch a glimpse of the elusive bison herd that have resided on Catalina Island since 1924. Head for the water to kayak or stand-up paddleboard. Return to the ship for a farewell dinner and a last evening at sea under the stars.

Meals included: breakfast, lunch, dinner

■ DAY 5

Los Angeles / Disembark

Awake dockside in the bustling Port of Los Angeles (early risers can catch the action in one of the world's largest ports). Disembark after breakfast for transfers to the airport.

Departure Time: After 12:00 p.m. local time.

Departure City: Los Angeles, CA

Meals included: breakfast

----------------------	---------------------

The *National Geographic Venture* is a state-of-the-art expedition ship ideal for discovering remote locations in domestic waters.

Following the build of *National Geographic Quest* at Nichols Brothers shipyard, her sister ship the 100 guest *National Geographic Venture* floated into the bay on Whidbey Island, becoming the 4th ship in the Lindblad fleet built at this storied PNW shipyard. In the 1970s, Nichols Brothers built the twin ships *National Geographic Sea Bird* and *National Geographic Sea Lion*, which continue to sail the waters of the west coast of North America and Central America.

Venture, like much of the wildlife she follows, is migratory. She follows the seasons from Alaska, along the coast of British Columbia, up the Columbia & Snake Rivers, and along the Baja coast and into the Sea of Cortez. In each region, her design innovations were informed by 50+ years of expedition expertise to ensure extraordinary discoveries. Larger than her sibling twin ships, *National Geographic Sea Bird* and *National Geographic Sea Lion*, *National Geographic Venture* has the same shallow draft, enabling her to nimbly navigate the same inner reaches and provide the same intimate, 'insider' experiences of the charismatic regions we explore.

Like her sister ship *National Geographic Quest*, *National Geographic Venture* has dual boarding platforms, enabling our team to load two Zodiacs at once means guests get off ship quickly, to take advantage of wildlife sightings and maximize exploring time. Modern, cleaned-lined, with large expanses of glass to keep you connected to the extraordinary views, *National Geographic Venture* enables you to see, do and experience the best of her geographies.
