Antarctica Direct: Sail and Fly the Drake Passage

expedition team may implement a contingency plan with alternative activities. For answers to questions you may have about our Fly the Drake Passage programs, please see our [FAQ page](#) .

Experience the wild grandeur of the White Continent in a more efficient, expedient way. On this new itinerary, cruise the Drake Passage one way, and then bypass the Drake Passage on the way back on a 2-hour flight from Antarctica and discover all of the highlights without sacrificing the extra time. Travel with a diverse team of experts aboard the National Geographic Explorer, the definitive expedition ship. Venture into channels and coves framed by towering peaks. Watch for whales off the bow; Zodiac cruise around enormous icebergs; and hike, kayak, and even possibly cross-country ski in complete tranquility. Choose an active agenda or surrender to the pleasures of relaxing downtime and shipboard camaraderie. Plus, get top shots with the help of a National Geographic Photography Expert.

NOTE: This is an expedition in the truest sense—flexibility is key. Delays and early departures of flights due to inclement weather are common in Antarctica. In the event of a flight adjustment, your

Highlights

- ★ Experience it all—cruise the legendary Drake Passage aboard the National Geographic Explorer and then enjoy the ease of returning on our 2-hour direct flight from King George Island to Puerto Natales
- ★ Explore the world's last great wilderness in the company of top naturalists, and the most experienced polar captains in Antarctica, with more than 55 years of expedition heritage
- ★ Hike amid magnificent mountains; see huge glaciers; and observe a parade of gentoo, Adélie, and chinstrap penguins
- ★ Kayak in protected waters, paddling in the Antarctic stillness as penguins swim nearby

Day by day

■ DAY 1

Puerto Natales, Chile

Arrive in Puerto Natales. Originally a small fishing port, the town is nestled on the Last Hope Sound and boasts a stunning view of the sea surrounded by the Cerro Benitez Mountains—the gateway to Torres del Paine. Transfer from the airport to your hotel, where you'll enjoy dinner and attend a briefing on the following day's activities.

Arrival Time: Arrive by 2:00 p.m. local time

Arrival City: Puerto Natales, Chile

Meals included: dinner

◇ DAY 2

Puerto Natales / King George Island, Antarctica / Embark Ship

Following breakfast, check out of the hotel and transfer to the airport for your two-hour direct flight to King George Island in Antarctica, where you'll begin your Antarctic adventure. Home to a diverse assortment of wildlife, King George Island also has a human presence. Researchers from a wide range of countries, including the U.S., Chile, Argentina and Brazil, call the various stations home. Your flight will land on a gravel runway at the Chilean research station. You will then be transferred to the rocky shoreline, where you will board Zodiacs to embark on the ship and set sail as you begin exploring this amazing region.

Meals included: breakfast, lunch, dinner

◇ DAYS 3-6

Exploring Antarctica

With long hours of daylight at this time of year, you'll have ample opportunities to explore. The schedule is flexible, allowing you to take advantage

of the unexpected, whether you're watching whales at play off the bow of the ship, hiking alongside penguin highways or enjoying an evening Zodiac cruise amid porpoising penguins.

While wildlife is magnificent, ice defines the Antarctic. You'll get to know ice up close and personal—from icebergs the size of islands, bergy bits and near-vertical glaciers, to the fragile, nearly invisible layers that have just begun to freeze. One day, you might set out by kayak to encounter towering icebergs at water level; embark on a Zodiac excursion in search of seals and blue-eyed shags; or walk amid thousands of Adélie and gentoo penguins. The next, you might experience the thrill of the ship crunching through pack ice.

Everywhere you go in Antarctica, you'll be surrounded by opportunities to capture uniquely beautiful images. Along the way your expert expedition team will enrich every experience.

Meals included: breakfast, lunch, dinner

◇ DAYS 7-8

At Sea / Crossing the Drake Passage

This 500-mile-wide strait between the Antarctic Peninsula and South America is one of the most famous bodies of water in the world. Sometimes ferocious, sometimes flat calm, the Drake is always a fascinating place in its own right. This part of the journey is your best opportunity to see gorgeous seabirds like the wandering albatross, and you might be lucky enough to encounter orca whales or rare species of dolphins. Visit the Bridge (a great place to spot wildlife), have a relaxing massage, attend a talk about the biology of the penguins you've just seen or settle into a comfy chair in the observation lounge to look out over the waves and reflect on your incredible journey. Toast your epic voyage at a festive farewell dinner.

Meals included: breakfast, lunch, dinner

◇ DAY 9

Ushuaia, Argentina / Disembark Ship

Arrive in Ushuaia. Sandwiched between ice-mantled peaks and the frigid waters of the Beagle Channel, this is a fittingly wild place to be known as “El Fin del Mundo” or “The End of the World.” Transfer to your hotel. In the evening, enjoy dinner.

Meals included: breakfast, lunch, dinner

■ DAY 10

Ushuaia

Check out of your hotel and transfer to the airport to begin your journey homeward.

Departure Time: Depart no earlier than 10:00 a.m. local time

Departure City: Ushuaia, Argentina

Meals included: breakfast

National Geographic Explorer

Guests 148	Cabins 81
----------------------	---------------------

Built to handle deep swells and towering waves, the *National Geographic Explorer* lends herself to globe-spanning travel and a dedication to curiosity and wonder.

Originally constructed for service along Norway's coast as part of the famed Hurtigruten, or Coastal Express, she ferried passengers among the fjords of this iconic coast in conditions that could deteriorate into heavy seas in a matter of minutes. She had to be able to handle deep swells and towering waves—and have a high degree of maneuverability. Those traits, and an ideal size, made her a natural choice for addition to the Lindblad fleet.

The plans to completely rebuild her drew on 50 years of pioneering expedition history and expertise. *National Geographic Explorer* was equipped with an ice-strengthened hull and advanced navigation equipment for polar expeditions; a roster of tools for exploration; and a well-appointed interior with vast expanses of glass for an unprecedented connection to the environment. Her interior and exterior design embodied the Lindblad expedition ethos—the privilege of wildness and the luxury of comfort.

For many guests she remains their paradigm of an expedition ship. She is devoted to exploration—from her Welcoming Bridge, and the Chart Room below it where you can tuck in to warm up with a hot chocolate, to her high-perched Observation deck with its aqueous light and compelling 24/7 views. Even the art on the walls— from the Hurley prints of Shackleton’s expedition to the stunning National Geographic photos— tells an uber- narrative of globe-spanning travel and a dedication to curiosity and wonder.

National Geographic Explorer is a state-of-the-art expedition ship. She is a fully stabilized, ice-class vessel, with an ice-reinforced hull, enabling her to navigate polar passages while providing exceptional comfort.
