and experiences. All ship itineraries are subject to Galápagos National Park regulations.

Santa Fe: Snorkel and kayak in the secluded cove at Barrington Bay. On shore, a trail leads you through the largest cactus trees in Galápagos. The Santa Fe land iguana is found only on this island, where Galápagos hawks are also thriving once again.

Plaza Sur: Sea lions greet you at South Plaza, an uplifted block carpeted in salt-loving succulents and teeming with wildlife, including a noisy group of bachelor sea lions and a population of land iguanas.

Santiago: Hike over the smooth pahoehoe lava and admire spatter cones, little miniature hornitos and the wild riot of black lava at Sullivan Bay, the result of an eruption recorded by passing buccaneers in 1897. Snorkel and explore by kayak and Zodiac the crystalline water surrounding Sombrero Chino. Keep a keen eye for the Galápagos penguin, sometimes spotted along the coast.

Genovesa: Sail north across the Equator to the remote northern realm of the Galápagos, bathed in warmer tropical waters and home to the red-footed boobies, Nazca boobies, swallow-tailed gulls, great frigate birds and other nesting seabirds. Paddle and kayak along the cliffs of this flooded caldera, where Galápagos fur seals and sea lions haul out to rest.

Santa Cruz: Journey to the lush, green highlands, where you'll see giant Galápagos tortoises roaming wild at a local ranch. Continue to Baltra for a flight back to the mainland.
