## Fabled Lands Of The North: Greenland to Newfoundland

Embark the *National Geographic Resolution* for a thrilling exploration of the far north's ice-carved landscapes, sailing from Greenland to Newfoundland and Labrador. Navigate massive icebergs at the mouth of the Ilulissat Icefjord, and venture into Davis Strait en route to Canada's legendary Baffin Island. Along the way, encounter historic Viking villages, an abandoned Moravian mission and the fascinating traditions of the Inuit communities who still live in these remote places. Hike the tundra on the lookout for caribou and arctic foxes; and seek out whales, walruses and polar bears along the rugged coastlines by sea kayak and Zodiac.

## Day by day

### ■ DAY 1

#### Reykjavík, Iceland / Embark Ship

Arrive in Reykjavík, the world's northernmost capital, which lies just below the Arctic Circle. Transfer from the airport to the city and spend the day exploring at your own pace. Check in with the hospitality desk this afternoon to make final arrangements before your charter flight the following day.

Meals included: dinner

### ◇ DAY 2

#### Reykjavík / Nuuk, Greenland / Embark Ship

Fly from Reykjavík on the recommended flight to Greenland's capital thriving capital city of Nuuk. Settle into your cabin and enjoy a scenic sailing out of the Nuuk fjord and into the open water of the Davis Strait, as the ship navigates north along the coastline.

Meals included: breakfast, lunch, dinner

### ◇ DAYS 3-5

#### Greenland's West Coast

Over these next three days, sail into deep fjords and witness the powerful glaciers that reach back to the famed Greenlandic Ice Cap. Zodiac cruise along glacier faces or hike along moraines recently left by retreating glaciers. Along the way, arrive to Sisimiut, a former whaling port, and enjoy your choice of guided walks through the sights and sounds of the village, including Dog Town or Sallinnguit, a portion of the Arctic Circle Trail that leads into the Greenlandic backcountry, or visit local entrepreneurs and artists. Finally, explore Disko Bay, filled with icebergs calved off of the most active glacier in the world, Sermeq Kujalleq, and take advantage of expedition activities as you explore Disko Island and

the surrounding fjords, weather permitting.

Meals included: breakfast, lunch, dinner

### ◇ DAYS 6-10

#### Baffin Island

Baffin Island is the largest island in Canada, spanning over 195,000 square miles. Believed to have been originally discovered by the nomadic Dorset culture, European discovery didn't occur until the 16th century. From fjords filled with glaciers to stunning waterfalls, the unique landscape continues to be awe-inspiring for modern day explorers. Its eastern coast sits on the edge of the high Arctic archipelago, and a small ship allows freedom to explore areas that are inaccessible to larger vessels. Steep fjords, high mountains and coastal islands draw you in as you trace your way south along the coast, enjoying the chance to respond to the elements and wildlife you encounter.

Meals included: breakfast, lunch, dinner

### ◇ DAYS 11-14

#### Exploring the Labrador Coast

Spend four days tracing the rugged, wild coast of Labrador, with expedition activities such as zodiac cruising and kayaking along the islands, fjords and inlets that create this dynamic landscape. Keep a watchful eye on the Bridge as the ship navigates along the coast. Visit the fjords of Torngat National Park, and delve into Inuit history of the region with your onboard archaeologist. Stop at deserted outposts along the coast, watch for peregrine falcons and other birds soaring over the rocky shorelines of the spectacularly narrow Mugford Tickle and take in the impressive sight of the 4,000-foot-high Kaumajet Mountains. Head into the tiny fishing settlement of Indian Harbour to observe vast colonies of common murre along the sea cliffs before continuing on to

scenic Battle Harbour to discover the legacy of this historic fishing village.

Meals included: breakfast, lunch, dinner

◇ DAYS 15-16

## Eastern Newfoundland

Cliffs, fjords and beaches grace the northeastern tip of Newfoundland. Hike, kayak and explore by Zodiac amid this stunning coastline, and keep a watchful eye for migrating birds and whales as the ship sails south along its coast.

Meals included: breakfast, lunch, dinner

■ DAY 17

## St. John's, Newfoundland / Disembark Ship

Today, disembark in St. John's and transfer to the airport for your flight home.

Meals included: breakfast

**The sister ship to *National Geographic Endurance*,  
she explores polar & temperate regions**

Our second new polar build, *National Geographic Resolution*, is named to honor the second voyage of the legendary Captain James Cook.

A fully-stabilized vessel of the highest ice class (PC5 Category A), she will enable adventurous guests to go where few have or can. *Resolution's* most striking exterior feature is her distinctive profile, the patented X-Bow®, a game-changing design that guarantees the smoothest, most comfortable ride in all kinds of conditions; and since it eliminates bow impact, a quieter ride, as well.

An equally impressive feature may well be her capacity: she carries just 138 guests, a commitment to expedition excellence over scale. Scandinavian-inflected, luxuriously appointed, her inviting interiors would be a destination in themselves. Because she is a Lindblad expedition ship, however, her attention is focused on the world outside— with acres of window glass to keep you connected to the stunning views beyond the pane, and a fleet of expedition tools to get you out exploring.

*National Geographic Endurance* and *National Geographic Resolution* are next-generation expedition ships. Purpose-built for polar navigation. Fully stabilized, highly strengthened, ice-class Polar Code PC5 (Category A) vessels, they are designed to navigate polar passages year-round, and safely explore uncharted waters, while providing exceptional comfort. The patented X-bow<sup>®</sup> is key to their design; its powerful wave-slicing action provides an extremely smooth ride even in adverse conditions, and even reduces spray on deck for superior observation. They carry a full suite of expedition tools, and offer a variety of experience enhancing amenities.
