Day by day

■ DAY 1

Clarkston, WA / Embark Ship

Choose to fly into nearby Lewiston, Idaho, or into Spokane, Washington, two hours away. Transfers will be provided from either airport to Clarkston to embark the ship in the afternoon. This evening our wine expert will host our first tasting before our chef introduces our first locally-sourced dinner.

Arrival Time: Arrive by 3:30 p.m. local time (Lewiston); arrive by 1:30 p.m. local time (Spokane).

Arrival City: Lewiston, Idaho, or Spokane, Washington

Meals included: dinner

◇ DAY 2

Palouse River

The still water of the Palouse River is the perfect mirror for the surrounding basalt cliffs as we set off on our Zodiac and kayak adventures. Later visit Palouse Falls, where waters plunge 200 feet into a churning pool. These falls and the surrounding canyon with its towering cliffs, cavernous holes in the earth, and winding water routes are part of geologically unique channeled scablands created by ancient floods. In the evening enjoy wines and cocktails on the bow as we pass through two impressive locks.

Meals included: breakfast, lunch, dinner

◇ DAY 3

Walla Walla, Washington

Drive through some of the most fertile agricultural areas in the nation, with bright, rolling green and purple fields of sprouting wheat, asparagus, and famous Walla Walla sweet onions. Choose to visit Dunham Cellars for a private tasting in a WWII

airplane hangar, or the Whitman Mission, a standout National Historic Site, where friction between Native Americans and white missionaries erupted into an event that reverberates in our culture today. After lunch at a local winery, explore charming downtown Walla Walla at your leisure, perusing local galleries, sampling sweets at the country's #1 candy store, or popping into cozy tasting rooms.

Meals included: breakfast, lunch, dinner

◇ DAY 4

Cruising the Gorge

Today we spend the day cruising through some of the most scenic and geologically interesting stretches of the Columbia River and the Columbia Plateau. Our geologists provide fascinating insight on the glacial floods that sculpted the landscape 13,000 years ago, as our food and wine expert illustrates the expression of such unique terrain through its tastes and tannins.

Meals included: breakfast, lunch, dinner

◇ DAY 5

Cruising / Hood River Valley

Today we immerse ourselves in the region's natural and man-made marvels. Make a stop at neck-craning Multnomah Falls before an optional hike of iconic Beacon Rock, a basalt column towering 848 feet above the Columbia River. Later, enjoy a special private event with Syncline Winery at the Columbia Gorge Interpretive Center. Savor canapes and Syncline's distinctive wines as you take in 15,000 years of cultural history, including indigenous art and a massive working steam engine. In the afternoon we explore the scenic Columbia and pass through Bonneville Lock and Dam. Take

a local beer or steaming cup of coffee to the bow where our naturalists offer honest perspectives on the controversial history of dams along the river.

Meals included: breakfast, lunch, dinner

■ DAY 6

Portland / Disembark Ship

Arrive in Portland, located on the Columbia and Willamette rivers, in the shadow of snow-capped Mt. Hood. The city is known for its ecofriendliness, microbreweries, and coffeehouses. After breakfast, disembark the ship and transfer to the airport for return flights home.

Departure Time: Depart after 11:30 a.m. local time.

Departure City: Portland, Oregon

Meals included: breakfast

**A U.S.-flagged vessel, she and her sister
National Geographic Sea Lion discover domestic waters**

Before they built the *National Geographic Venture* and *Quest*, U.S. shipbuilder Nichols Brothers built the twin ships *National Geographic Sea Lion* and *National Geographic Sea Bird*. Nimble, reliable, and intimately scaled, they both continue to sail the waters of the west coast of North America and Central America.

Sea Bird accommodates just 62 guests in 31 outside cabins. Her inviting public spaces foster a sense of shipboard life where everyone is integral to the adventure, engendering a rewarding sense of community and esprit du corps. National Geographic writer Andrew Evans called *Sea Lion* the “closest thing to Cousteau’s *Calypso*” he’s ever had the pleasure to be on.

With a shallow draft and small size, she can easily reach places inaccessible to larger ships. She can venture into fast-moving channels where whales come to feed, transit a series of locks in the Pacific Northwest, nose up to waterfalls in secluded coves, and sail into protected anchorages in small bays perfect for snorkeling and kayaking.

Special Features

Lindblad-National Geographic certified photo instructor, undersea specialist and video chronicler.

Wellness

A fitness center with elliptical, treadmill, weights, resistance bands; LEX spa treatment room, staffed by wellness specialists.

Self-Disinfecting Ships

ACT Clean Coat™ is a light-activated, self- disinfecting cleaning process that continuously breaks down viruses, bacteria, mold, and airborne allergens across all ship surfaces. Not only does this create a cleaner, healthier shipboard environment for guests and crew alike, but this non-toxic, chemical- free system also saves more than one million gallons of water each year in our cleaning procedures, and reduces our carbon footprint as well as the amount of plastic and waste in our supply chain.

Noteworthy Feature: The generous scale of the bow, enabling the entire expedition community to congregate with our naturalists, photo instructors, and experts from the Alaska Whale Foundation or the National Park Service, and share the excitement of watching whales or dramatic glacier calving events.
