

Arctic Odyssey: Iceland, Greenland and Canada

Sail in the wake of early Viking explorers on a compelling journey that mixes Arctic wildlife and landscapes with a riveting history that comes alive in well-preserved ruins and local communities continuing to thrive on the edge of the Arctic. Start your adventure in Iceland's remote Westfjords before charting a course for southern Greenland, where you'll glide into dramatic fjords flanked by towering, jagged mountains; and visit colorful Qaqortoq, the unofficial capital of the region. In Canada, trace wild coastlines, keeping an eye out for polar bears, whales, and migrating birdlife.

Highlights

- ★ Take in picturesque views as we sail through dramatic fjords and past glaciers and ice floes in southern Greenland
- ★ Step back in time at Viking ruins, like Erik the Red's farm in Greenland and the 11th-century village at L'Anse aux Meadows, a UNESCO World Heritage site in Canada
- ★ Navigate across the Denmark Strait, home to the world's largest underwater waterfall, and the Labrador Sea, known for its nutrient-rich cold water currents
- ★ Keep watch on the open Bridge for polar bears, falcons, whales and migrating seabirds along the stunning coast of Labrador

Day by day

■ DAY 1

Reykjavík, Iceland / Embark Ship

Arrive in Reykjavík, the world's northernmost capital, which lies just below the Arctic Circle. Transfer from the airport to the city and spend the day exploring at your own pace. Check in with the hospitality desk this afternoon before embarking the ship.

Meals included: dinner

◇ DAY 2

Flatey Island

Explore Iceland's western frontier, visiting Flatey Island, a trading post for many centuries turned sleepy summer islet. Walk around the charming little hamlet that has survived, and hike across trails that trace the cliffs past a seasonal seabird population.

Meals included: breakfast, lunch, dinner

◇ DAYS 3-4

Crossing the Denmark Strait

Sail away from the Westfjords of Iceland and across the Denmark Strait. Connecting the Arctic and Atlantic Ocean, the Strait is home to the world's largest waterfall, caused by powerful currents and glaciers. Listen to talks by experts, relax with a book in the lounge or the observation deck and keep an eye out for wildlife as the ship sails across the continental shelf.

A total solar eclipse will occur in the region on August 12, 2026. The ship will navigate to the best position within the path of totality to witness this rare, natural wonder (conditions permitting).

Meals included: breakfast, lunch, dinner

◇ DAY 5

Prins Christian Sund, Greenland

Sail into Prins Christian Sund, which cuts into the southern tip of Greenland, passing between soaring pinnacles and glaciers, allowing the ship to sail through the sheltered waters of this dramatic landscape. Glimpse hanging glaciers through the fjords that stretch back to the Greenlandic Ice Sheet and keep an eye out for marine and bird life in these sheltered waters.

Meals included: breakfast, lunch, dinner

◇ DAYS 6-7

Southern Greenland Fjords

Home to some of the best preserved ruins of the Viking era in Greenland, Qaqortoq and Qassiarsuk will provide you with two days of insight, culture and local interactions. Walk through the ruins of Brattahlíð, Erik the Red's farm, visiting replicas of the church and the family's longhouse. Explore the same shores from which their son, Leif Eriksson, launched the first voyages to North America—500 years before Columbus.

Visit the unofficial capital of southern Greenland at Qaqortoq, with just over 3,200 residents. The colonial influence is visible throughout the town, with houses painted in primary colors and architecture dating back to the 1700's. Stroll through the town square and visit the museum, where Greenlandic kayaks, hunting equipment and local art and handicrafts are on display. Finally, walk through the walls of Hvalsey church, located in the fjords behind Qaqortoq, the best preserved Norse ruins in all of Greenland.

Meals included: breakfast, lunch, dinner

◇ DAYS 8-9

At Sea / Crossing the Davis Strait

Spend time on the bow of the ship watching for whales, polar bears and other wildlife; enjoy the ship's amenities; edit your photos alongside photography experts; and attend expert-led talks about the Arctic as the ship navigates the massive icebergs of Davis Strait on the way to Baffin Island.

Meals included: breakfast, lunch, dinner

◇ DAYS 10-13

Exploring the Labrador Coast, Canada

Spend four days tracing the beautiful, wild coast of Labrador, exploring on foot and by kayak and Zodiac. As the ship weaves its way through the Lower Savage islands, you'll keep a watchful eye for the polar bears that call these islands home and use Zodiacs as safe havens to experience their environment firsthand. Watch for peregrine falcons and other birds soaring over the rocky shorelines of the spectacularly narrow Mugford Tickle and take in the impressive sight of the 4,000-foot-high Kaumajet Mountains. Continue to scenic Battle Harbour to discover the reconstructed 19th-century buildings and legacy of this historic fishing village.

Meals included: breakfast, lunch, dinner

◇ DAY 14

L'Anse aux Meadows

In the 1960s, the remains of a Viking village established in the 11th century were excavated at L'Anse aux Meadows, now a UNESCO World Heritage site. Walk among the Norse ruins and reconstructed sod huts and learn the saga of the Vikings in North America, who arrived here nearly 500 years before the explorations of Columbus.

Meals included: breakfast, lunch, dinner

◇ DAY 15

Eastern Newfoundland

Cliffs, fjords and beaches grace the eastern coast of Newfoundland. Hike, kayak or explore by Zodiac with your experts amid this stunning scenery, and keep an eye out for migrating birds and whales.

Meals included: breakfast, lunch, dinner

■ DAY 16

St. John's, Newfoundland / Disembark Ship

Disembark in St. John's and transfer to the airport for flights home.

Meals included: breakfast

Built to handle deep swells and towering waves, the *National Geographic Explorer* lends herself to globe-spanning travel and a dedication to curiosity and wonder.

Originally constructed for service along Norway's coast as part of the famed Hurtigruten, or Coastal Express, she ferried passengers among the fjords of this iconic coast in conditions that could deteriorate into heavy seas in a matter of minutes. She had to be able to handle deep swells and towering waves—and have a high degree of maneuverability. Those traits, and an ideal size, made her a natural choice for addition to the Lindblad fleet.

The plans to completely rebuild her drew on 50 years of pioneering expedition history and expertise. *National Geographic Explorer* was equipped with an ice-strengthened hull and advanced navigation equipment for polar expeditions; a roster of tools for exploration; and a well-appointed interior with vast expanses of glass for an unprecedented connection to the environment. Her interior and exterior design embodied the Lindblad expedition ethos—the privilege of wildness and the luxury of comfort.

For many guests she remains their paradigm of an expedition ship. She is devoted to exploration—from her Welcoming Bridge, and the Chart Room below it where you can tuck in to warm up with a hot chocolate, to her high-perched Observation deck with its aqueous light and compelling 24/7 views. Even the art on the walls— from the Hurley prints of Shackleton’s expedition to the stunning National Geographic photos— tells an uber- narrative of globe-spanning travel and a dedication to curiosity and wonder.

National Geographic Explorer is a state-of-the-art expedition ship. She is a fully stabilized, ice-class vessel, with an ice-reinforced hull, enabling her to navigate polar passages while providing exceptional comfort.
