Nestled between the foothills of the Atlas Mountains and the Atlantic Ocean, Agadir is one of Morocco's most modern cities. A beautiful example of this is La Medina d'Agadir, which was recreated in the 1990s using traditional Berber methods. Overlooking the city, the kasbah is one of the few structures that survived the quake. Hike to the top to take in stunning views and the medieval architecture of this impressive fortress.

Meaning 'White House' in Spanish, Casablanca is the largest city in Morocco and a hub of industry on Africa's west coast. The architecture is an eclectic blend of influences, from Moorish design to the French Art Deco era and more. Explore the bustling old medina, where the twisting cobbled streets

are lined with whitewashed buildings and alive with activity. Stroll along the Corniche, the popular boardwalk by the sea. Witness the vast beauty of Hassan II Mosque, built on an outcrop jutting out over the ocean.

Meals included: breakfast, lunch, dinner

◇ DAY 7

Tangier

Tangier lies just across the Strait of Gibraltar from Spain and has long been a gateway between Africa and Europe—a true cultural crossroads. ◇ DAY 8

Málaga, Spain

Málaga is one of Spain’s oldest cities—a vibrant coastal hub where layers of ancient history blend with contemporary culture. Meals included: breakfast, lunch, dinner

◇ DAY 9

Cartagena

Uncover Cartagena’s remarkable history, from its Roman foundations to its role as a Mediterranean stronghold. Joining the Lindblad fleet in 2013, the state-of-the-art *National Geographic Orion* serves as a luxurious base camp for voyages to the far-flung corners of the planet.

Built in Germany by the Cassens shipyard, the 102-guest *National Geographic Orion* was created with a high-ice class to be able to venture safely into polar regions. A ship of her size is seldom built with such ice-cutting ability, which makes her a rarity. She is yacht-scale, yet rugged enough to venture far afield, making her a perfect addition to the Lindblad fleet, which she joined in 2013. Her size and nimbleness offer the perfect combination of safety and liberty to voyage untrammelled locations. In fact, *National Geographic Orion* currently holds the distinction of having sailed further south than any other Lindblad vessel.

Her menu, created by famed Australian chef, Serge Dansereau, owner of Sydney's acclaimed Bather's Pavilion restaurant, enormously popular with *National Geographic Orion's* guests, so impressed Sven Lindblad, that Serge, a chef-owner who shared the Lindblad commitment to serving local and sustainable food, was enlisted to design the dining program for the entire Lindblad-National Geographic fleet.

National Geographic Orion is gracious and intimate, with a rewarding, almost clubby feeling. Of her many amenities and features, the most appealing is her outside deck space which beckons in the balmy reaches of the Pacific, and on those days in Antarctica when the midnight sun and the spectacle of the ice makes going indoors, let alone going to bed, impossible.
